

DAY 52 - 1. Review.

2. Teach sound “ay” as in (day).

Do activity pages for this sound.

This sound is mostly used at the end of words.

3. Do special pages with numbers, colors, and following directions.

4. Do oral and silent reading.

TEACHING EMPHASIS: Please continue to have fun with your students as you teach - direct each of their activities. Precision is “the name of the game”. Continue to encourage each child to do neat and correct work.

Most of your students should be “sailing along” in reading by now. Keep reading books available that are suitable to each child’s ability. Keep in mind the importance of oral as well as silent reading.
