

DAY 80-

1. Review
2. Teach sound “ed” as in (grad ed).
3. Do activity page with writing numerals.
4. Do activity page with writing number words.
5. Try writing the alphabet from memory. Say all sounds of each letter as you write it.
6. Ask each child to write about something nice that he plans to do for someone for Christmas. (Children at this age are prone to think about what someone is going to do for them. This change of thought as to what they can do for someone will help build unselfishness.)

Write each child’s thoughts in correct writing as he “reads” them to you. Attach the two together and file for future reference.
